

Newport Harbor High School Parent Pledge Program 2007-2008 School Year

Below are the names of the Newport Harbor High School families who want to share their commitment to support our teenagers who would rather attend parties where illegal, underage drinking does not take place. We think the Parent Pledge Program is important for our school community and thank these families who join us in sending a positive message to our students.

I pledge that all parties in my home for NHHS students and their friends will be chaperoned and that I will neither serve nor permit the use of alcohol or other drugs in my home.
